

High Atlas Foundation

The High Atlas Foundation is a Moroccan association founded in 2000 by former Peace Corps Volunteers committed to furthering sustainable development. The HAF supports Moroccan communities through local initiatives that community beneficiaries themselves determine and manage, including:

- **Sustainable agriculture:** Nurseries of fruit trees and wild medicinal plants, irrigation efficiency, organic certification, technical skills-building, carbon sequestration, and commercialization
- **Education:** School infrastructure, gardens, and environmental stewardship
- **Health:** Clean drinking water and waste management
- **Women's and youth empowerment:** Self-discovery, human rights, and cooperative development
- **Capacity-building:** Participatory planning and project, organizational and environmental management

We encourage you to support this valuable program with an optional \$50 per person donation, which will appear on your final invoice.
