## WELCOME!

We're delighted to welcome you on this adventure! This booklet is designed to guide you in the practical details for preparing for your trip. As you read, if any questions come to mind, feel free to give us a call or send us an email—we're here to help.

## PLEASE SEND US

- Trip Application:** Complete, sign, and return your Trip Application form as soon as possible if you have not already done so.
- Medical Form:** Complete, sign, and return your Medical Form as soon as possible if you have not already done so.
- Air Schedule:** Please forward a copy of your email confirmation, which shows your exact flight arrival and departure times. Refer to the Arrival & Departure section of the Detailed Itinerary for instructions. Please feel free to review your proposed schedule with Wilderness Travel before purchasing your tickets if you have any questions about the timing of your arrival and departure flights or would like to confirm we have the required minimum number of participants to operate the trip.
- Vaccination Card:** Please send us a photo or scanned copy of your completed Covid-19 Vaccination Card if you have not already done so. Just the front side of the card is sufficient.

## PLEASE CAREFULLY REVIEW

- Travel Documents & Medical Information:** Carefully review the Travel Documents and Medical Information sections of this booklet to familiarize yourself with Passport and Visa entry requirements for your destination, as well as any recommended inoculations.
- Optional Travel Insurance:** Review the Trip Cancellation & Transfer Fee Schedule included in the Detailed Itinerary. We recommend that all trip members purchase Travel Insurance.
- Final Documents:** Approximately three weeks before your trip, we will send you final departure documents, including hotel and local contact information and rendezvous instructions.

## PASSPORT

A valid passport is required for your trip. Be sure to check the expiration date. Your passport must be valid for six months after your date of exit from Egypt. In addition, we recommend your passport have at least two completely blank visa pages for every country you will be visiting. It is very important that the blank pages say “Visas” at the top. The last few pages of your passport, which say “Amendments and Endorsements,” and the final page of your passport, which may not have a page number, are not considered to be legitimate visa pages. The service of adding pages for visas was discontinued as of January 1, 2016. You can request a new passport through **US Passport Services Office** (<http://travel.state.gov/passport>) or use a visa service agency, which can take care of your passport renewal and expedite the process, if needed. We recommend **Passport Visas Express** (<http://www.passportvisasexpress.com/?affId=2120>). Be sure to allow sufficient time to acquire this before your trip.

It is a good idea to carry photocopies of your passport’s photo page and any acquired visa pages for your trip (if applicable) in case your passport is lost or as an additional piece of identification, as well as two extra passport photos.

## VISAS

US citizens need a visa for Egypt and for Jordan (if you are doing the Petra Extension). Visas can be obtained easily on arrival at the Cairo Airport in Egypt and the Amman Airport in Jordan respectively.

**Egypt:** Visas can be obtained at the Cairo Airport in Egypt. US citizens pay \$25 USD per person on arrival for a visa. Upon arrival, in the arrival hall before the immigration counters, you will need to find one of the many bank kiosks which sell visa stamps. After purchasing a stamp you will place it on the first empty page in your passport and then proceed on to the immigration counters.

**Jordan:** If you are getting your visa on arrival at the Amman airport, the visa fee is waived for trip members staying for a minimum of 2 consecutive nights in Jordan. Upon arrival at the Amman International airport before the immigration area, you will be met by our local Representative in front of the gate, they will be holding a sign with your name on it for identification. They will also assist you with the visa process. Note that in the unlikely event the visa fee waiver request is not in their system, be prepared to pay 40 Jordanian dinars (approx \$60USD per person) in cash.

If you prefer to get your visa prior to your arrival you may contact our recommended passport and visa processing service, **Passport Visas Express** (<http://www.passportvisasexpress.com/?affId=2120>) (PVE). On the PVE website, purchase the Egypt Tourist Single Visa (valid for 3 months) and the Jordan Tourist Single Visa (valid for 3 months). PVE can also be reached by phone at 888-596-6028. Let them know you are booked on a Wilderness Travel trip.

If you are a citizen of any country other than the US, check with a local consulate for entry requirements.

## MONEY

The unit of currency in Egypt is the Egyptian pound (EGP). Major credit cards are accepted at larger hotels and shops in Egypt and Jordan (for the extension). Traveler's checks are not recommended as they can be difficult and time-consuming to cash. You will need to budget spending money for gratuities, for any meals not included in the trip itinerary, for international and domestic airport departure taxes (see below), and for personal items like snacks, phone calls, etc. Beer, wine, and sodas are complimentary at our welcome and farewell dinners and available for purchase during the trip.

We recommend you bring approximately \$400 in cash in small bills and one or two major credit cards (Visa or MasterCard) for shopping and hotel extras. If you plan to use your credit cards, inform your credit card company before your departure that you will be using the card abroad. To use an ATM internationally, you must have a four-digit PIN.

Plan to not have too much Egyptian or Jordanian (for the extension) currency left over at the end of the trip as they can be difficult to convert back to dollars.

## TIPPING

Tipping is at your discretion but is customary in Egypt. The following are recommended tipping guidelines:

**Egyptologist Guides:** \$10-15 USD per traveler per day

**Drivers:** \$7-10 USD per traveler per day

**City Representatives:** \$7-8 USD per traveler per day

**Nile Cruise Staff:** \$10-12 USD per traveler per cruise day (shared between all staff on board)

**For the Petra and Dead Sea Extension:** We suggest \$15- 20 USD per day per trip member for the Jordan guide, and \$7- \$10 USD per person per day for the driver. The tip for the horse boy at Petra is \$5-\$8 USD per person. The suggested tip for a Turkish Bath is 10% to 15%. For tipping in restaurants, we suggest 10% of the bill. Porterage at hotels and airports is included.

**For the Alexandria Extension:** We suggest \$15-20 USD per day per trip member for the guide, \$7-10 USD per person per day for the driver, and 10% of the bill in restaurants.

## DEPARTURE TAX

**Egypt:** Departure tax is included in international tickets.

**Jordan:** (for Petra Extension) Departure tax is 15 Jordan Dinars (about US\$22) payable in dinars or dollars.

## SPECIAL DIETS

We will do our best to accommodate special dietary needs, however, please keep in mind that certain cultural differences or limitations due to logistics can make it extremely difficult and at times impossible to accommodate dietary restrictions. Please inform us at least eight weeks before your trip if you have a restricted diet. It is important to bring a flexible attitude and supplemental snacks.

## COMMUNICATIONS

### **Telephone**

The international dialing code for Egypt is 20, and for Jordan 962. Please contact your cell phone company for specific instructions for international use.

### **Email & Internet Access**

Internet access is available at all our hotels.

## ELECTRICITY

Egypt and Jordan have 220-volt current. In Egypt, plugs usually have two round pins, while in Jordan, you may encounter plugs with two round pins, three round pins in a triangular configuration, or three rectangular prongs. Bring a converter and plug adapter kit for appliance use.

# Medical Information

---

The following recommendations should be used as a guideline only; consult your physician for medical advice. It is vital that you let Wilderness Travel know of any medical problems, allergies, or physical limitations you may have. Please fill out and return the personal medical questionnaire, and feel free to consult us if you have any questions about your ability to undertake this particular trip.

Wilderness Travel is not a medical facility and has no expertise or responsibility regarding what medications or inoculations you and your physician decide are necessary for your safe participation in the trip.

Traveler's health information is available from the **Centers for Disease Control**. (<http://www.cdc.gov/travel/index.htm>)  
Medical travel products are available from **Travel Health Medicine** (<http://www.travmed.com>) and from **Magellan's Travel Supplies**. (<http://www.magellans.com>)

## EMERGENCY EVACUATION

In case of serious illness or injury, you may need to be evacuated to Cairo or even back to the US. Evacuation by air may or may not be available.

If you require evacuation from a trip, you are responsible for payment of all evacuation costs. You must pay evacuation costs directly to the evacuation service prior to the evacuation. Acceptable forms of payment are typically cash or traveler's checks. Credit cards may or may not be accepted. If you are able to use your credit card, be aware that a service charge will be assessed in addition to the actual cost of the evacuation. You must bring one of these forms of payment with you in case of an emergency.

We strongly recommend that you purchase medical evacuation insurance, which usually reimburses you in the event of an emergency medical evacuation. Please note: You typically need to get the approval of evacuation from your insurance company prior to the evacuation. Check with your insurance company for further details.

## INOCULATIONS

Entry requirements are subject to change; check with the Centers for Disease Control for updates. All shots should be entered on your International Health Card (yellow card), which is provided by the facility giving the shots. Keep it with your passport while traveling. This provides an important personal record for you to refer to when making future travel plans. We recommend you discuss the following with your physician:

### **Yellow Fever**

This is the only vaccination currently subject to international health regulations. The vaccination is required for entry into many African countries if you are arriving from an “endemic yellow fever zone” country (most of sub-Saharan Africa and South America). For more information, refer to the **CDC website**(<http://www.cdc.gov/travel/index.htm>).

### **Polio**

People who have received the primary series of at least three doses of polio vaccine are considered fully immunized. People who are unsure of their status should receive the vaccine (three doses spaced at intervals).

### **Hepatitis**

The vaccines HAVRIX and VAQTA (two injections, six to 18 months apart) give long-term protection against Hepatitis A and are worthwhile if you travel regularly to developing countries.

### **Tetanus Booster**

A booster is strongly recommended (effective for 10 years).

### **Typhoid**

The CDC recommends the shot or the oral vaccine, Vivotif Berna, a course of four capsules, one every other day for a week, with full effectiveness reached in a week. You may not be able to take the oral vaccine simultaneously with mefloquine (for malaria prevention).

## MALARIA PREVENTION

Malaria is uncommon in Egypt so we do not recommend that you take antimalarial medications for travel in Egypt. For further malaria information, consult your doctor or the **CDC Malaria Hotline**(<http://www.cdc.gov/travel/malinfo.htm>): 888-232-3228.

## STAYING HEALTHY

In hotels and aboard the boat, don't brush your teeth with tap water; use bottled water. Don't use ice in your drinks unless you are sure it was made with treated water. When in doubt, ask your Trip Leader for guidelines.

## MEDICAL SERVICES

In Egypt, medical facilities are very limited and doctors are often unavailable. Please understand that your local guides do not necessarily possess first aid training. People with serious medical concerns must take this into account in choosing Egypt as a destination. We recommend that you bring an ample supply of personal medications with you in your carry-on luggage.

# Helpful Information

---

## SHOPPING

Good buys in Egypt include gold and silver items (a favorite is the cartouche, an insignia bearing a pharaoh's or the buyer's name in hieroglyphics) and precious stones. Topaz, aquamarine, alabaster, and Sinai turquoise can be found in a variety of forms and settings. Intricate brass and copper trays, plates, lamps, leather and textile goods, glass, tapestries, woodwork, incense, and perfumes are also popular. Prices in the fashionable downtown department stores are not negotiable, but bargaining is expected in the handicraft shops and the Khan El Khalili Bazaar. In Egypt, bargaining is a sport and way of life, combining the power of persuasion, the exercise of psychology, and above all, patience. It can be fun and economical once you get into the spirit.

## PHOTOGRAPHY

### Camera Recommendations

With the many advances in digital technology, a simple compact digital camera or even your smartphone is capable of taking pictures suitable for the needs of most people. For higher quality images and the ability to use long lenses for closer wildlife pictures, a DSLR camera is well worthwhile, though heavier. Most digital cameras and phones have good video options, but you may want to consider a GoPro for a lightweight, waterproof option. Always practice ahead of time with new equipment and bring your manual with you. Camera equipment is available for rent from **Borrow Lenses** (<https://www.borrowlenses.com/discount/wildernesstravel>), with a 10% discount offered to Wilderness Travel clients. This is an especially good idea for renting large zoom lenses that you may need for just one trip.

### Camera Accessories

We recommend bringing at least two large capacity memory cards or a small digital storage unit (or tablet) to back up your photos, freeing space on your memory cards. Don't forget to bring a battery charger and a backup battery so one is always charged and ready to use. For trips where you may be away from power sources for multiple days, consider looking into a solar-powered battery charger or buying additional backup batteries, and check that you have the appropriate adapter for the electrical outlets in your destination.

### Sharing Your Images

We would love for you to share photos from your trip, and with your permission, may even use your photos in our marketing materials or on our photo blog. We request that you send us a small sample of your best images. Please email your photos to [wtphotoblog@gmail.com](mailto:wtphotoblog@gmail.com) or tag us [@WildernessTravel](#) on social media.

### Photography Etiquette

When taking pictures of local people, be aware of cultural considerations. Approaching people with a warm smile and using polite gestures or simple phrases to ask permission to photograph them usually works well. It is always recommended to engage people in conversation before asking to photograph them, but if people do not wish to have their photo taken, please honor their requests. We urge travelers to avoid giving money in exchange for photo opportunities, which makes it harder for future travelers to have a meaningful personal interaction with local people. Please always heed your Trip Leader's guidelines for what is appropriate.

## **BEING A CONSIDERATE TRAVELER**

Please show respect for the cultures we are visiting by observing local customs concerning appropriate dress, particularly in sacred places. Your Trip Leader is always available to answer any questions that you may have regarding this. If it is necessary to use a cell phone during the trip, please do so privately. Smoking is rarely an issue these days, but if you do smoke, please do so only away from the group.

## **GIFTS TO CHILDREN**

We suggest that you do not give anything to soliciting children, including candy, balloons, or pens. It encourages begging, which has become a problem as tourism has increased.

## **EXPLORE ON YOUR OWN**

All over Egypt, and especially in Cairo, you will find an enormous range of high-end restaurants serving a range of international cuisine. In Cairo, you may wish to consider dinner on one of the many luxurious boats on the Nile, all of which include a show after dinner. Western-style bars, as well as Arabic nightclubs complete with belly dancers, abound.

## WORDS AND PHRASES

Arabic is the official language in Egypt, although English and French are used in business and education. Knowing a few words of Arabic is fun and always appreciated by the local people:

Good morning: *Sabah-el-khair*

Good evening: *Mesa-el-khair*

Hello: *Marhabah*

Goodbye: *Ma'assalama*

Thank you: *Shukran*

You're welcome: *Afwan*

# Packing List

---

## THE ESSENTIALS

- Air tickets (or E-tickets)
- Passport
- Egypt visa
- Jordan visa if you are doing our Petra Extension
- One other picture ID, such as driver's license
- Expense money
- International Health Card; Yellow Fever shot required only if you are traveling through "yellow fever zone" countries such as Kenya or Zimbabwe.

## WT GEAR STORE

To help you prepare for your next WT adventure, we've put together a great collection of top brands including Patagonia, Outdoor Research, Eagle Creek, and more at our **WT Gear Store** (<http://wildernesstravel.newheadings.com>).

## LUGGAGE

Note: On internal flights in Egypt the baggage weight limit is 44 lbs.

- Soft suitcase (wheeled versions are OK), with a small padlock (must be unlocked for air travel).
- Daypack for camera gear, water bottle, and personal items needed during the day
- (optional) Small roll-up duffel to carry home purchases.

## NOTES ON CLOTHING

On the *Nile Adventurer*, the dress code is "resort casual." You might want to bring a nicer outfit for dinners, but there is no requirement for a jacket or tie for men. Jeans and shorts are not allowed at meals on board, however.

Egypt is a country very used to tourists, and for sightseeing in popular areas such as the Pyramids or the main tourist sights of Upper Egypt, hiking shorts and T-shirts are fine. However, for walking in central Cairo and other cities, and when in rural areas, more modest, conservative dress is preferred, such as long pants and long-sleeved shirts; this also applies visiting mosques, other religious sites, or homes. Around the pool at your hotel, low necklines, sleeveless shirts, or shorts can be comfortably worn; and at the beach in Red Sea resorts, feel free to dress as you would at home.

## CLOTHING

- Fleece jacket or sweater (it can get very chilly at night)
- Lightweight hooded windbreaker
- Knee-length walking shorts for the tourist sites
- Light cotton or quick-drying synthetic pants
- Long-sleeved shirts/blouses
- T-shirts
- Underwear/socks. Synthetics dry faster
- Warm sleepwear (flannel or thermal underwear are good for cold nights)
- Shade hat with a wide brim
- Sturdy walking shoes. Good traction and ankle support are important for walks on uneven ground.
- Tevas or other sturdy sandals
- Bathing suit (for pools)
- City/hotel attire

## PERSONAL FIRST AID SUPPLIES

Every trip member should bring a small kit for personal use. Your own experience will influence your choices.

- Sunscreen of SPF 30 or higher. We recommend mineral-based sunscreens with zinc oxide or titanium dioxide because they do not contain harsh chemicals that are harmful to the environment. Brands such as Honest Company, Badger, and Alba Botanica are found in most sporting goods stores and drugstores.
- Lip balm with sunscreen
- Aspirin, ibuprofen, or Tylenol, Tylenol PM for sleeping
- Topical antibiotic (such as Neosporin) for cuts, bites, or sores
- Insect repellent
- Blister kit. Look for the long-lasting gel-type bandages that you can apply directly on blisters, such as Band-Aid Advanced Healing Bandages or Curad Gel Multi-Day Bandages. "Liquid band-aids," such as New-Skin, are useful because they dry rapidly to form a tough protective cover over a blister.
- Anti-bacterial gel for hand washing
- Antihistamine such as Benadryl and cold remedy such as Sudafed
- Imodium for diarrhea. If you wish to bring an antibiotic for diarrhea prophylaxis, please consult your physician.
- Prescription medications properly labeled
- Spare contact lenses or spare prescription glasses

## OPTIONAL ITEMS

- Water bottle, 1 qt. capacity
- Converter/plug adapter kit for appliance use in hotels. Egypt has 220-volt current; plugs usually have two round pins.
- Camera, spare batteries, spare memory cards
- Reading/writing material
- Binoculars
- Travel clock
- Money belt or neck pouch. Always carry your passport, credit cards, and cash with you in a money belt or neck pouch tucked down inside your shirt or blouse.
- Good quality sunglasses with case (highly recommended!)
